

Product Features and Specifications

SalonLab Customizer

Product Overview

Every head of hair is unique, and now hair care can be too. The Schwarzkopf Professional SalonLab Customizer uses a proprietary manufacturing process to dynamically formulate custom product mixtures based on individual consumer biometric hair quality data. The SalonLab Customizer is especially designed to customize and precisely dispense high-viscosity, liquid beauty care products on demand at the point of service. Part of the Schwarzkopf Professional SalonLab ecosystem – a two-time recipient of the CES® 2018 Innovation Awards, it combines the expertise and needs of the beauty industry with cutting-edge digital technology.

Features and Specifications

Model Number: SLC 1A

Length: 12.24 inches (311 mm)

Width: 7.87 inches (200 mm)

Height: 46.06 inches (1170 mm)

Weight: 22 pounds dry (10Kg)

44 pounds loaded (20Kg)

- Sand-blasted steel and ABS outer body
- Proprietary manufacturing process to formulate custom product
- Integrated label printer
- Supply Voltage: 100-240V
- Bluetooth and Wi-Fi connectivity
- Self-cleaning mixing unit to avoid waste creation
- 10-15l component storage
- ARM Cortex processor
- Device will have a two-year warranty in a professional environment
